Building the Future, One Facility at a Time

Join us this June for a powerful, hands-on workshop designed for school facilities and maintenance professionals across Georgia. Hosted by GSPMA, this event brings together experts and peers to elevate the quality and performance of educational environments statewide.

Why Attend?

- ✓ Learn best practices in preventive and routine maintenance.
- ✓ Collaborate with peers from across Georgia's school systems.
- ✓ Explore new technologies and strategies for energy efficiency and safety.
- ✓ Enhance the longevity and performance of your facilities.
- ✓ Protect your district's investments and improve stakeholder satisfaction.
